

SMEP Graduate Student Pre-Conference 2008

Call for Presentation Proposals (EXTENDED SUBMISSION DEADLINE VERSION)

The Sixth Annual Society of Multivariate Experimental Psychology Graduate Student Pre-conference will be held on Thursday September 25, 2008, in the morning before the Annual SMEP meeting in Montreal, Canada*. Graduate students are invited to submit proposals for presentations concerning the application of multivariate quantitative methods to substantive problems in psychology (or related topics). Applicants can be from any field of psychology, but must have the endorsement of an active SMEP member within their department. A committee of past graduate student presenters will select eight proposals for presentation at the 2008 Pre-conference. Selected presenters will be invited to attend the annual SMEP meeting and awarded a travel fund of up to \$750.

Please note that students who presented in 2007 are not eligible to present this year.

Proposal Requirements/Format

Proposals should consist of the title of the proposed presentation, and an abstract of no more than 400 words. Limited references and up to 2 graphs can be included if desired, but are not required. The entire proposal, including references and graphs, should be formatted such that it does not exceed 2 pages.

Proposals should be submitted via email as either a .pdf or .doc (MS Word) file. PLEASE DO NOT include names or affiliations on the proposal document. Rather, the e-mail to which the proposal is attached should contain the submitter's name, school affiliation, contact address, and e-mail. The author is responsible for removing any metadata from the document's properties. In addition, an explicit endorsement should be submitted by the sponsoring SMEP member, either as an attachment to the proposal or as a separate e-mail.

Submission Information

Proposals for 2008 should be emailed to graduate student organizer Will Beasley (wbeasley@psychology.ou.edu). The deadline for submission is **July 1, 2008**. Accepted presenters will be contacted by August 1, 2008. Any questions pertaining to the pre-conference should be directed to Will Beasley.
